PyData Edinburgh

The Grand Opening!

01 February 2018

The DataLab

What's PyData?

- A network for data practitioners and enthusiasts

- NUMFOCUS supports the **open source** Python stack

- and organises **conferences** worldwide

- PyData are conferences and monthly meet ups:
  - A forum to **share** ideas and **learn** from each other

  - Focus on **data science** and its broad applications

  - **Not only Python**: support for R, Julia, and counting

Where's PyData?

PyData

About this one

- **Meetup** every first Thursday of the month

- 4 organisers

- We want **speakers**!
    - it's a relaxed atmosphere, we're interested in all levels
    - from hardcore AI to data mining, to viz, and coding
    - write to us! stalk us! propose ideas!
    - lightning talks: bring one along - 5 mins of pure fun!
    - come along, learn something new

- Follow us on **Twitter** @PyDataEdinburgh
    - tag us at @PyDataEdinburgh or #PyDataEdinburgh

- reach us via Meetup, or Twitter or grab us!

Radovan Kavicky, PyData Bratislava:
***To all your members greetings from
Slovakia, good luck and welcome to the PyData family!***

*Ian Ozvald, Marco Bonzanini, PyData London:*

Shout out to @PyDataEdinburgh for their first meetup tomorrow, great to see the @pydata world expand further.

- 217 members in a month ad a half!

- 94 Twitter followers, so help us there ...

- first event, lots of registrations

Community announcements

- *Python 3.7* on its fourth alpha release
- *Numpy* recently received a grant of $659k for further development - huge news!
- *Pandas* 0.22 release - Dec 2017

Upcoming events

- *PyData London*, April 27-29 (CFP closing 2nd March)
- *PyData Berlin*, July 6-8
- *EuroPython 2018*
    - in Edinburgh, 23 - 29 July
    - We'd love to see a PyData track - work in progress!
    - looking for speakers and volunteers

Thank you!

To all you for making this event great

To our sponsors for making this possible
